PROFILE INFO

Motivated and disciplined B.Tech IT student in my 5th semester, with an 8.16 CGPA. Skilled in full-stack web development (PHP, Classic ASP, JavaScript) and database management (Oracle 19c). Proven ability to solve complex connection issues (Oracle Listeners) and a strong interest in pencil sketching and creative application design.

EXPERIENCE

PROJECT | TOWNSHIP MANAGEMENT PORTAL

2024 - 2025

- **Design & Architecture:** Designed and built a functional web-based portal using HTML, CSS, and JS.
- **Backend Features:** Developed comprehensive full-stack features using PHP and Classic ASP for township administration.
- **Database Integration:** Managed the database for rent and billing, resolving complex Oracle Listener and SID connectivity bottlenecks.

ACHIVEMENT

• 2024-2025

Identified and resolved critical database bottleneck in township portal, ensuring 100% data integrity.
